HIKVISION

# SOLUTIONS THAT YOU CAN BANK ON

The Hikvision Banking Surveillance System stands out for a variety of reasons, notable among them is the unique modular design that features various powerful functionalities, like live video preview, PTZ control, video storage management, mobile phone surveillance, and network management etc.

Integrated with advanced technology (including digital image processing, video codec, video transmission, and distributed network, database and information management), it helps banks to integrate major branches, sub-branches, business halls, service centers, bank treasuries, and other various facilities into a centralized monitoring solution. The system is easy to deploy and use to enhance the user experience.

> System structure: Large-scale distributed network structure with reliability.
> Flexible bandwidth control: Priority levels can be established for viewing video content, with users given the option of immediate access to higher priority needs.
> Diverse alarm formats: Various alarm accessing options.
> Intuitive positioning: Robust electronic map to check equipment status and related video information.
> Intelligent equipment operation and maintenance: Real-time detection of active equipment status, and an automatic messaging system in case of failure.

## Recommended Products

DS-8100AH(F)(L)I-ST
ATM DVR

- H.264 video compression
- Up to 4CIF resolution recording
- 4 SATA interfaces
- Dual streams
- 2/4-ch sync. playback

DS-9000HFI-SH
Embedded Hybrid DVR

- H.264 video compression
- 4CIF resolution real-time recording
- Up to 24-ch video input ( 16-ch analog + 8-ch IP )
- HDMI output at 1920 x 1080

DS-2CD864FWD-E
1.3MP WDR Network Camera

- H.264 / MPEG4 / MJPEG video compression
- Up to 30 fps at 1280 x 960 resolution
- 120 dB Wide Dynamic Range
- True Day / Night
- 3D Digital Noise Reduction

DS-2CD8254F-EI(S)
IR Bullet Network Camera

- H.264 / MPEG4 / MJPEG video compression
- Up to 3MP resolution encoding
- IP66 rating
- Vari-focal auto iris lens
- Up to 30m IR range

IVMS-5000 Integral Monitoring Management System

- Unified monitoring management platform
- Open architecture
- High-definition video monitoring supported
- High stability and reliability
- Easy and flexible deployment

Camera Brackets

DS-1201ZJ
(Pendant mounting)

DS-1229ZJ
(Wall mounting)

DS-1212ZJ
(Wall mounting)

DS-1227ZJ
(In-ceiling mounting)
